# Al Profit Sync Challenge Workbook - Day 2

Simply fill in the blanks of this workbook as you complete each daily lesson, and you'll easily put together your course!

#### Day 2: Outlining Your Course

**Goal:** Find a niche that is not only one that you will enjoy working in, but also one where there is market demand with strong potential for you to build a lucrative business.

#### Day 2 Checklist:

- The Idea Generator: Effortlessly find dozens of great ideas for your course based on what people are frequently searching for online, what others in your industry are doing, and more.
- The Pain Pinpointer: Uncover what people in your niche say are their big problems, challenges, pains and fears. Your course will solve their pain points.
- The 10 PGB Method: Define the 10 problems, goals, and benefits that will become the lessons of your course.
- The Curriculum Builder: Outline your entire course curriculum in 60 minutes or less.
- Tantalizing Titles: Create a catchy, memorable and compelling name that gets your audience excited as soon as they hear it.

### Day 2 - Step 1: The Idea Generator

Your notes on what people in your niche are searching for online:
The Ton 3+ themes that you found in your research:
The Top 3+ themes that you found in your research:
